

## Venture Plus Consultancy Services

## Director's Message

Our journey started as the Administration Team for Al-Yaseah group of companies and is still continuing with the motto of "Grow Together". In 2008 this internal business division spin off as a separate business as Venture Services.

Venture Plus Services is the Centralised Management and shared Service centre for companies operating in Oil & Gas Industry. The company is based in Abu Dhabi and is currently extending its services to outside firms established in the UAE as well as companies who are keen to set up a presence in the oil and Gas industry in the country.

Venture Plus Services continued with the service to the principle companies and associates companies, which diversified in to multitude services which includes, local sponsorship, to the Business Incorporation, Agencies, Service Agent, Business Infrastructure Development such as manufacturing , administrative Support, Public Relations, Banking-Accounting Services, Pre-Qualification assistance for ADNOC Group of companies, Consultant Classification and Certification with various Government Department; With 60 plus Companies listed under our umbrella, Our professionalism towards the development of each work that our clients, associates, agents give us made our company one of the best in the UAE. With our Services we can help you through your company's entire life cycle. Our locally based teams with local knowledge have the backing of a group with global reach, helping you to do business seamlessly across borders

Today, Venture Plus Services is a premium name for Business-Management Consultancy, Business Incorporation, legal compliances and Public Relations services in UAE and is an early bird in introducing Digital PRO SERVICES-DPRO to UAE market

Best Regards

**Khalid Mohamed Helal Feraih Al Qubaisi**
